

HELPING TO KEEP YOUR CHILD SAFE

DO YOU KNOW WHERE YOUR CHILD IS AT NIGHT?
DO YOU KNOW HOW SAFE YOUR CHILD IS?

Do you know where your child is at night? Do you know how safe your child is?

If you answered no to either of these questions,
shouldn't you be worried?

Recent police reports indicate that there are concerns in the area regarding:-

- > Anti-social and intimidating behaviour,
- > Underage drinking,
- > Crime.

Together we can tackle these issues

A number of agencies would like to meet parents and children to discuss how they can improve activities for young people and to offer acceptable alternatives.

Residents are invited to an information event in Clavering Primary School on Wednesday 25 April, 4pm-8pm, where multi-agency staff will be able to answer your questions, hear your views and share information.

Agencies present at the event include Hartlepool Police, the local youth service, Clavering and Hart Station Residents' Association, local schools, Children's Services, the Neighbourhood Management Service and ward members.

**This is your area.
These are your children.**
